Education

Dr. D. Y. Patil Institute Of Technology, Pimpri BE - Computer Engineering, SGPA - 8.4 / 10	2021 – 2025 Pimpri, Maharashtra
Vidya Valley North Point Junior College, Chikhali Pradhikaran 12th HSC, Percentage - 87%	2021 Chikhali Pradhikaran, Maharashtra
Dhaniraj Madhyamik School, Wakad 10th SSC, Percentage - 79%	2019 Wakad, Maharashtra

Experience

Dentsu Global Services Analyst	Jul 2025 – Present Pune, Maharashtra
<ul style="list-style-type: none">Contributed to various data analysis projects, including Uber, Blinkit, Credit Card Transactions, Superstore Sales, and Electric Vehicle Data, using advanced analytical tools and methodologies.I had gained proficiency in Excel, Power BI, and other analytical platforms to extract insights, perform statistical analyses, and develop visualizations that facilitated data-driven decision-making and business strategy formulation.I am actively refining my skills in network building, communication, and time management to improve project execution and foster better collaboration across various teams.	
EdgeVerve Systems Systems Engineer Intern	Feb 2025 – June 2025 Pune, Maharashtra
<ul style="list-style-type: none">I had contributed to the HDFC Interface Simulator project, using Java, Spring Boot, and REST APIs to manage how responses are routed based on different user conditions.I had set up logic to handle responses, ensuring that users either received a custom response if certain conditions were met, or a default response from the bank if not.I have developed key skills, including network building, communication, and time management, to enhance project execution and collaboration within cross-functional teams.	

Technical and Soft Skills

Languages : C++, Java, Python, C++, HTML5, CSS3, Javascript
Database : MySQL, MS SQL Server, Oracle SQL
Libraries : Numpy, Pandas, Seaborn, Matplotlib, Scikit-Learn, Tensorflow, Keras
Software Tools : Microsoft Power BI, Jupyter Notebook, Tableau, Eclipse IDE, VS Code, MS Office, GitHub, Postman
Fundamentals : Data Science, AI, Big Data Analytics, DBMS, Machine Learning, Computer Networks and Security
Soft Skills : Communication, Decision Making, Collaborative, Time Management, Teamwork, Leadership, Adaptability

Projects

Marketing Data Insights
<ul style="list-style-type: none">Analyzed marketing campaign performance to identify areas for optimizing spend, impressions and clicks for improved ROI.Utilized Power BI, AI and Excel to track and analyze key performance indicators (KPIs) including spend, impressions, total clicks, CPC, and CTR, creating reports to generate actionable insights for optimizing marketing strategies.Reduced spending, increased campaign ROI, and improved sales by leveraging data insights and optimizing marketing efforts across products and segments.
Credit Card Transactions Analysis for Consumer Behavior
<ul style="list-style-type: none">The company needed to better understand consumer spending patterns and behaviors from transaction data to drive targeted marketing.Analyzed credit card transaction data using Power BI, AI and Excel to identify consumer behavior trends, focusing on high-value customers and seasonal spending patterns.

- Enhanced sales performance and marketing strategies by thoroughly analyzing and optimizing product offerings and customer segmentation to drive more targeted campaigns and increase overall engagement.

Sales Performance Dashboard Development and Analysis

- Developed a Sales Overview Dashboard using Power BI to analyze and compare Sales, Profit, and Quantity data across Central, East, South, and West regions of the USA, providing insights into regional performance trends.
- Performed Year-over-Year (YoY) analysis of key KPIs (Sales, Profit, Quantity), identifying growth trends and areas for improvement to drive data-driven decision-making.
- Delivered actionable insights to marketing and sales teams by optimizing regional strategies based on performance comparisons, contributing to improved business outcomes.

Uber Trip Data Insights and Optimization

- Uber needed a comprehensive analysis of booking trends, revenue, and trip efficiency to drive data-driven decisions for pricing and customer satisfaction.
- Developed a Power BI dashboard to analyze key performance indicators (KPIs) such as total bookings, revenue, trip distance, and duration, providing real-time insights for stakeholders.
- Increased booking efficiency by leveraging data-driven insights to optimize booking trends, while improving revenue forecasting through advanced data analytics.

Blinkit Sales Revenue Analysis

- Blinkit required a reliable system to accurately forecast sales revenue and assess the various internal and external factors impacting its performance, including market trends, customer behavior, and seasonal fluctuations.
- Analyzed historical sales data using Power BI and Excel, building forecasting models to predict revenue trends. Integrated sales data with market factors to derive actionable insights.
- Optimized pricing strategies to enhance customer satisfaction, improve overall shopping experience, and drive higher engagement across key customer segments.

Electric Vehicle Data Analytics for Performance and Market Trends

- There was limited data-driven insight into electric vehicle performance and market trends, hindering strategic decisions for manufacturers.
- Analyzed EV data using Power BI and Excel to assess performance, user behavior, and market trends, while integrating predictive analytics for future forecasting.
- Improved performance optimization and reduced energy consumption through data visualizations, while enhancing sales and marketing strategies based on key insights.

SuperStore Sales Performance and Trend Analysis Dashboard

- The SuperStore required a comprehensive dashboard for tracking sales performance across multiple product categories.
- Created an interactive sales dashboard in Power BI and Excel, aggregating data from multiple sources for real-time analysis, focusing on KPIs like sales growth, product performance, and regional trends.
- Streamlined data analysis and reporting to speed up decision-making, improve sales strategy adjustments, and enhance sales forecasting.

Certification

- AI Aware Program - Dentsu University - Oct 2025
- Ascent: Snowflake Platform Training - APAC - Snowflake - July 2025
- Finacle General Basic - Infosys - May 2025
- Data Privacy and Privacy by Design Foundation (DPO Official) - Infosys - Feb 2025
- Big Data Computing - NPTEL - Nov 2024
- Tableau Desktop Specialist + Data Analyst Certification - Udemy - Jun 2024
- Master Data Management for Beginners - TCS ION - Feb 2024
- Data Visualization Tools Workshop : Power BI and Tableau - Dr. D. Y. Patil Institute of Technology, Pimpri - Feb 2024
